

EMPOWERED THROUGH TANTRA

TESTIMONIALS

Yogi Kalinath is in the business of creating Masters, not followers.

He is relentless in his comitment to this standard : empowering each individual student with the tools, techniques and guidance necessary to work a suitable path towards self-Mastery, and ultimately Self-Realisation.

Having trained under his guidance for 7 years I can attest to the power, authenticity and intensity of the trainings he provides. I have experienced real benefits such as: self-healing, increased physical power / mental strength and an ever deepening sense of communion with The Divine, just to name a few.

It is both a pleasure and honour to provide testimonial to his teachings and service.

Yogi Kalinath has been and continues to be a wonderful “life coach” and has helped me to choose and continue my spiritual path in life. I have found his Kali Fire ceremonies educative and spiritually uplifting experiences. His preliminary talks beforehand are always enlightening and fascinating. He has a wealth of information about the Hindu tradition specifically and spirituality in general. Yogi Kalinath has a wonderful sense of humour and his animated manner enhances these sessions. His manner is both informative and engaging and he always has a twinkle in his eye and always has an attitude of gratitude.

In addition to attending his Kali Fire Ceremonies on New Moons, I have also sought personal counselling and healing from Yogi Kalinath on a couple of occasions. I found these sessions quite profound and his advice sage.

I can highly recommend Yogi Kalinath for any of his services including:

Personal Counselling,
Spiritual Astrology readings,
Chakra Balances,
Numerology readings,
Kali Fire Rituals.

I have known Devidasan for around 20 years and been a student of his for 16 and have always found him to have a deep dedication and profound love for his work and teaching and committed to the spiritual welfare of his students.

Personally, I have immense gratitude for his teachings, mentorship, and friendship. Under his guidance I learned age-old spiritual practises and principles that would otherwise not have been available to me, together with the spiritual, mental and physical discipline that these require. As well as the huge benefits in my life particularly in the areas of mental focus and discipline and spiritual awareness, I have been able to pass these teachings on through my own work to my students and clients, by translating these into today's language and relevance while at the same time maintaining their true essence, and making them applicable in daily life, for whatever stage of learning the student or client may be. This has been a huge gift to me and many others, for which I am eternally grateful.

Yogi Kalinath is an exceptional person who has helped many people, including me along their path. He is very humble and compassionate with high integrity. RC

As a student I learnt tools for self empowerment. These tools include breathe work, mudras and mantras and other practices. Benefits experienced are clearing and priming of my head-space and balancing of my sympathetic and parasympathetic nervous systems. Certain practices create a driving force (power) and currently I note increased perception. I received four chakra healings using tuning forks with Kundalini Reiki sealing the sessions. Each of these resulted in different shifts felt and/or visualised within either the body or expressed through the throat.

Yogi Kalinath practices what he preaches and as such is a dependable source of knowledge. I highly recommend him as one size does not fit all and Yogi Kalinath, if you prefer a traditional path, will tailor lessons based on what you seek.

"As an anxious person, Devidasan gives me the tools to calm my mind and body. Although I do sometimes get stressed, I am much more relaxed in general by following his suggested practices." Anonymous

"I have known and attended 1 on 1 Yoga classes with Devidasan for some 12+ years. During this time my muscular skeletal issues and ageing body have become a huge challenge. Devidasan has listened to and understood my problems and appropriately modified his program according to my needs and abilities. I am very grateful to him for this and for his encouragement. His knowledge is vast and his wisdom exemplary. He has been and is a special and wonderful teacher, mentor and friend and I thank him most sincerely. I strongly believe he has a significant and positive influence on my physical and mental functioning. I feel very privileged to have him in my life.

My name is Simon Russo. I am lucky enough to be a student of Kalinat hand have been for approximately three years. I have a barber shop and Kalinath came in for a haircut one day. We immediately connected and he invited me to a Kali fire on the following Saturday night. That was amazing. I had never experienced anything like it. His exposition on the symbology. The mantras, the fire, the powerful images and the exotic shamanic quality and feeling. I knew I was part of something special which had a connection to genuine power. I came to realise that power was Shakti.

A few fires later I was lucky enough to become a private student of Kalinath. That has changed my life. After years of reading about yoga, tantra and different spiritual traditions and not really sinking deeply into anything, I had met a proper teacher (guru) that had been initiated into many bona fide tantric and spiritual traditions in India .

They say when the student is ready the master appears. It happened to me with Kalinath. It was the best of Indian esoteric and spiritual traditions had become available to me. This man knows his stuff at a deep level from spiritual practices and not just textbook knowledge.

It is not easy being a student of his ,but for anyone interested in something deeper and is prepared to do work.(practices)that lead to serious personal growth, he is amazing. Experiential and existential is the only way to real growth.

His knowledge and experiences are so broad that it is difficult to talk about in a small testimonial. Amazing and available to us without going to India with all the pitfalls that may bring.

Bhairav Vignan Tantra Is a book of 112 meditations or methods of how to enter in higher states of awareness. Its a classic text and because we are all individuals, not one meditation technique suits everyone. I have been a student of Yogi Kalinath Aghori for 8 years and when he offered the fortnightly study group of Bhairav Vignan Tantra I jumped at it...It is a profound text and what was more profound for was Kalinath's commentary. He is an amazing teacher and his knowledge is from his own experience and different lineages and spiritual traditions, truly eclectic.

We met fortnightly and we practiced the sutras that fortnight and discussed our experiences .Some deep insights and just an changing expanding awareness in day to day life. More presence from moment to moment really. Hard to describe without limiting it .I would recommend this to everyone and anything Kalinath offers to anyone. Anyone that wants to look deeply that is.

The Empowered Through Tantra apprenticeship program has been life changing. Baba Krishnakali Das Aghori has skilfully guided me through deep esoteric terrains, far beyond my expectations. His approach is organized, reliable and respectful on every level. Each month I have received formal written papers to read, assignments, tantric practices as well as privately transmitted evaluations and teachings through live video calls. Tantra has become greatly misunderstood. Baba has cut right to the core and delivered the true science through an authentic parampara with deep authenticity and mastery. As a Doctorate of Ayurveda, Master of Science, Acute Care Nurse Practitioner, advanced yogi, Reiki Master, Professor, Sant Mat RHP initiate and esoteric student, I was seeking a program that would elevate and integrate my spiritual practices to the next level. The Empowered Through Tantra program has opened new dimensions, stabilized and deepened my ability to yolk in gnosis with the Divine Mother and her many emanations.

Krishnakali Das Aghori is a phenomenal devoted spiritual mentor and guru. For the past two years I have studied under him in the *Kali Kula Vama Marga apprenticeship* as well as the *Tantric Shamanism apprenticeship*. Krishnakali Das Aghori is highly professional, competent, respectful, compassionate and supportive. Through the entire process, the trajectory of learning and expectations have been clearly laid out with detailed instructions. During each monthly video call, new material is explained thoroughly along with demonstrations and printable pdf downloads for reference. Both apprenticeships are life changing, liberating and transformative on so many levels. I will never be the same.

The tantra apprenticeship under the tutelage of Krishnakali Das Aghori is a microcosmic unfolding of Shakti through successive workings with the Mahavidyas as aspects of Kali. This course builds piece by piece culminating in some very transformative empowerments which continue to unfold in my daily life. His sincere approach, humility, and knowledge has been a great blessing during this past year. He has always answered my questions with sincerity and in a timely manner. I always look forward to receiving new lessons and this Tantric "toolbox" will be with you forever. I highly recommend this apprenticeship to anyone serious, brave, and committed enough to do the work! Afterall, freedom is everyone's birthright. Jai Maa! Kali

Yogacharya Devidasan Giri's Dasamahavidya program will be remembered always as one of the most intense and transformative experiences of my life. Anonymous.
OTO initiate.

I would like to thank my Acharya and friend Devidasan for introducing me to the Mahavidyas and for assisting me in getting to know them well enough to introduce them into my life. I have had many wonderful and enlightening experiences whilst working on my own at home and with fellow Sadhaks at the Ashram. I have also discovered that this work has enhanced and supplemented all my other spiritual endeavours. Hari OM! Adam.

It has been a challenging year. The “tools” I have received from doing the course have helped me to face situations which previously I may have avoided. These tools will help me to continue to grow and embrace life.

I feel blessed to have received the teachings. Thank you so much Devidasan. South Australia is blessed to have you living here. RoseMary

It was a beautiful experience to feel the energy of the Mother(s) flow into my body.

My name is Simon Russo. I am 60 years old. I have completed the Dasa Mahavidya intensive with Devidasan. It has been both challenging and rewarding in a real and tangible way.

Having been a student of the mysteries, yoga, meditation all my life, the actual discipline and the daily practice of this course has been deeply transformative and very empowering. The energy levels and awareness in general life has been amazing and a lot of people that know me have commented. It is real!

I feel blessed by the Divine Mother to have had the opportunity to do this and blessed to have Devidasan as a teacher who is so knowledgeable and lovingly passes on his knowledge to serious students. I feel so lucky to have this instruction available here in Adelaide, Australia. Even if I went to India, I would not know where to go.

All up, highly highly rewarding and recommended for the serious student who is prepared to do the practices daily. Thank you Devidasan.

I have been working with Krishnakali for 18 months now through the mentoring program. Prior to starting the mentoring work I had a background in formal academic theological studies and an interest in perennial philosophy. What has really astounded me through the program is that I have had a range of very practical yoga exercises to work with and the work is given in a well thought out method to support personal growth. You don't need an academic background for this work, but at the same time in our monthly catch ups I can ask these questions and we always have deep and engaging discussion that leaves me feeling encouraged and purposeful. Krishnakali has a wealth of lived spiritual experience and I look forward to our monthly catch up each month, it keeps me accountable with my busy life schedule to ensure I am prioritising the exercises I am given because I value them and the teaching so much. I would encourage anyone who has a serious interest in yoga to reach out and meet with Krishnakali to discuss the program. JR.

Guruji has such a cloying candor within his speech and demeanor, gifting such a multiplicity and array of inter related topics, spoken with such directness and profundity, his ability to merely converse on such topics provides such a benefit, we in-depth discuss a body of both sastric and tantric items, the correlation of mind, body, breath, prana/apana, understanding panchakoshas, panchamahabhutas, panchavrittis, tattvas, ghatasuddhi, purification of the body, devata tattva, and the representation and embodiment of devata, the inward and outward divinity and the unison of said topics in such detail, both bhaktiyog and advaita, as well as other philosophical darsanas and theological tenants, stated so far is just minimum of such topics and details discussed. I've developed a fastidious and attentive foundation within my own sadhana, and his guidance within apprenticeship has given me a rejuvenated sense of confidence and directive towards bhavabrahmakaravritti, absolute absorption of Brahman, and this attitude being the essence of my position. I staunchly vow toward the sheer intelligence and capability of guruji and look upon him as jnanakara, this trove of wisdom and this bridge between east and west with so much experience and transmission of tradition/parampara and all he's partaken and encountered, myself am typically of very little words I always remain quiet etc but when listening to guruji I'm dialed in with such receptive awe, I can't say enough, it's simply just a blessing and privilege to have his association and guidance and apprenticeship has given so much and each day I continue onward I feel more and more connected and purposeful in my pursuit. - J.P, USA

“ I’m so grateful Baba and his teachings found me on my path to seeking truth. Baba KrishnaKali Das Aghori sees beyond the veil and holds space for you to step into yourself, The Self, and gives you the tools to discover. His spirit is accepting, amusing, and his teachings are backed by ancient knowledge and rituals. I recommend this course for anyone in search of the deeper meaning to their life and the truth of who you are. I will springboard off of this apprenticeship to excel my life in many many areas for it has given me the confidence to go deep and discover understanding of my unique purpose here on Earth.

Jai Jai Maaa  ”

Krishnakali Das Aghori, or who is lovingly referred to as Baba by those who follow him, his apprenticeship course ‘Empowerment through Tantra’... what can I say it is real and true. This course WILL bring about mass changes in your life almost immediately. His teachings are so rich and full of knowledge. When you spend sessions with him you can feel the energy and pure heart pouring out from him. You can see the bliss emanating from within him. I used to believe with all the distractions of Maya and constantly being sucked back down into the illusions around me that the only way to reach Enlightenment or Moksha was to run away from my life and hide in a cave somewhere. To completely withdraw from society. He was the first teacher to make me realize karma or action yoga was also a form of Sadhana. I had nowhere to run off to, everything is already within me. I truly appreciate the fact he is open to questions, even probes you to ask questions. With other teachers I have encountered I always felt this sense they don’t want to be questioned, they want complete surrender. Or even the act of questioning meant you were out of some vibrational frequency to them. Or their answers were vague and given in riddle form. Baba encourages you to ask anything on your mind or in your heart and responds in a clear, concise manner. If you are of a western mindset he is the teacher for you; one you can truly learn from. He understands how both the Western and Eastern worlds work. It has been such a pleasure to work with him these past few months and we have only just begun! Thank you, Baba! Also surrender is very important, but it's surrendering to the Divinity within you and swimming in faith!

TESTIMONIALS – READINGS

I was lucky to chat with JM last Sunday. JM is so insightful and I walked away with a strategy on how to cope with the things that are holding me back and with techniques I can use moving forward.

Thank you for the Osho Zen tarot card reading. Your advice and the selected cards were a mirrored reflection of accuracy of where my life has been, is currently at and more importantly where it needs to be healed. Your care and empathy in delivering the reading was also very much appreciated.

A true gift to receive when "lost in life"

Blessings
